To
The Honourable Secretary,
TGERC,
Vidyut iyantran Bhavan,
Kalyan Nagar,
Hyderabad-500045.,

Respected Sir,

Sub:- Our point of objection for proposed TRUE UP CHARGES
REF:- Proposals for levying TRUE UP CHARGES on consumers

With reference to the above cited subject matter we wish to inform you that TRUE UP CHARGES levying after 4 years on Industrial units will directly effect smooth functioning of SSI AND MSME UNITS as follows.

We will calculate costing by taking into consideration
ELECTRICITY CHARGES
SALARIES AND WAGES
STATUTORY PAYMENTS LIKE PF,ESI,BONUS
INCOMING AND OUT GOING FRIGHT CHARGES
MISCELLANEOUS EXPENSES

After 4 years, if ELECTRICITY charges from old date is increased on account of TRUE UP CHARGES , how we can claim the difference of electricity charges from our customers. Already SSI units are struggling with multiple reasons. If you also put a hand by TRUE UP CHARGES on industries ,it is big blow to our existence.

Any move to increase charges or put any additional burden on Industries, particularly SSI units will effect crores of workers by loosing jobs and the very existence itself is in jeopardy.

More over any TRUE UP CHARGES will not be paid by people with below 200 units consumption . So left over poor people are SSI units .

HENCE WE ARE TOTALLY OPPOSING ANY TYPE OF PENALTIES LIKE TRUE UP CHARGES OR ANY OTHER CHARGES IN DIFFERENT WAYS.

This is for your information and with draw additional TRUE UP CHARGES NOW . If at all you want to increase INCREASE FROM NOW BUT NOT FROM FOUR YEARS PENALTY CHARGES NOW .

Your's Faithfully,
L.N.Packaging Pvt Ltd,
