To,
The Secretary
Telangana Electricity Regulatory Commission
Hyderabad

Dear Sir,

We refer to the public notices issued in connection with the above-mentioned petitions filed by the Telangana DISCOMs relating to their Retail Supply Business, covering the following matters:

1. True-up of power purchase costs for FY 2022–23
2. True-up of power purchase costs and revenue for FY 2023–24 and FY 2024–25
3. Tariff petitions for FY 2026–27

As per the notices, the deadline for submission of comments/suggestions by stakeholders has been fixed as 31st January 2026, while the public hearings in these matters are scheduled on 27th February, 5th March, and 7th March 2026.

We submit that during the past several weeks, **we have been fully engaged in multiple proceedings relating to several other petitions filed by the Telangana Power Utilities** before the Hon'ble Commission, viz., True-ups for FY 2024–25 and Tariff Petitions for FY 2026–27 of TGTRANSCO and TGGENCO, and True-ups for FY 2024–25 along with ARR/Wheeling Tariff Petitions for FY 2026–27 of TGSPDCL and TGNPDCL for their Distribution Businesses. The hearings in these matters have concluded only recently, **leaving limited time for us to turn to the present set of petitions.**

Given the volume of information, the technical and financial complexity involved, and the cumulative burden of concurrent regulatory proceedings, the time available has not been sufficient to enable us to submit informed, reasoned, and constructive comments. **Careful analysis and scrutiny from our side is essential**, for which we require additional time.

In view of the above, we **request the Hon'ble Commission to extend the deadline** for submission of our comments/suggestions **from 31st January 2026 to 15th February 2026.**

We sincerely hope that our request will be favourably considered.

I. Gopinath
Chief Executive Officer
