Case No.	Name of the Petitioner(s)	Name of the Respondent(s)
R. P. (SR) No. 18 of 2022 in O. P. No. 71 of 2018	TSNPDCCL	M/s. MSR Mega Bio Power Private Ltd.

Petition seeking review of the order dated 02.12.2021 passed in O. P. No. 71 of 2018 regarding determination of fixed cost tariff for industrial waste based power plant.

Sri. Mohammad Bande Ali, Law Attachee for review petitioner and Sri. Deepak Chowdary, Advocate representing Sri. Challa Gunaranjan counsel for the respondent are present. The representative of the review petitioner stated that the review petition is filed for reviewing the order passed by the Commission. It is his case that several aspects of the tariff relating to interest, interest on working capital, O & M expenses as also the consolidated tariff did not reflect the parameters set out in the CERC

regulation. The review petitioner had no opportunity to explain and canvass on the above aspects in the original proceedings as it was not accessing the regulation. The ingredients of the Order XLVII Rule 1 of CPC are satisfied in this case, as the Commission did not consider all the facets of the tariff including the CERC regulation that this is a fit case for reviewing the order. This review petition is also filed on the premise that the tariff fixed by the Commission is at higher level and is consequently burdening the end consumer due to wrong application of the parameters while determining the tariff as submitted in the review petition. The endeavour of the review petitioner is to lessen the burden of the tariff to the end consumer. Therefore, the Commission may review the order passed by it duly taking into consideration the submissions made by it.

The counsel for the respondent stated that nothing precluded the review petitioner from submitting the relevant data and also the regulation applicable at the time of hearing itself. The present review petition is beyond the scope of review and does not fit into the ingredients thereof. The review petitioner having not raised contentions in the original proceedings cannot seek to substitute its view point in the matter through this review petition. All the parameters required for determining the tariff in the petition have been considered by the Commission. There remains nothing to be interfered with the order passed by the Commission at this point of time. The Commission may consider refusing to entertain the review petition. Having heard the submissions of the parties, the matter is reserved for orders.
