Subsequently, the Commission in exercise of the powers under Section 13 of the Electricity Act, 2003, the Commission hereby accords to extend the exemption, which was earlier granted by it under ref (6) cited to the CESS, from the application of provisions of Section 12 of the Electricity Act, 2003, for a further period of five(5) years from 01.04.2021 to 31.03.2026 subject to and on the same terms, conditions and restrictions contained in the licence ( except that the words license fee, which should be read as ' exemption fee' and the area of supply being eleven (11) revenue mandals viz., Sircilla, Ellanthakunta, Mustabad, Gambhiraopet, Yellareddypet, Konaraopet, velumawada, Boinpally, Chendurthy, Rudrangi, Veernapally and Nallagonda & Thippaipalli villages of Kodimyal mandal) earlier granted to them under the provisions of the Reform Act vide order dated 16.06.2004.

**ORDER**  
**CHAPTER-1**  
**INTRODUCTION**

**1.1 BACKGROUND**

**The Commission**

- 1.1.1 Telangana State Electricity Regulatory Commission was constituted by the Government of Telangana (GoTG) in terms of the provisions of Schedule XII(C)(3) of the A.P. Reorganisation Act of 2014, read with Section 82(1) of the Electricity Act, 2003 vide G.O.Ms.No.3, (Energy) (Budget) Department, dated 26.07.2014. The Government of Telangana issued G.O.Ms.No.12, Energy (HR. A1) Department, dated 31.05.2024 for change of nomenclature and amended the expression and abbreviation as '*Telangana Electricity Regulatory Commission (TGERC)*'.
- 1.1.2 This Commission having been established u/s 82(1) of the Act, 2003 is required to exercise the powers and functions vested in it in terms of Section 86(1)(a) and Section 62(1) of the Act, 2003 to determine the tariff for distribution of electricity within the State of Telangana.

**1.2 REGULATION No.1 OF 2014**

- 1.2.1 The Commission soon after its formation has notified Regulation viz., 'Adoption' Regulation No.1 of 2014 on 10.12.2014 being adoption of previously subsisting regulations, decisions, directions or Order, licenses and practice of directions. As such, all the Regulations framed by the erstwhile Commission before formation of Telangana State will continue to apply for the State of Telangana, till further modification.

**1.3 REGULATION No.4 OF 2005**

- 1.3.1 Accordingly, the Regulation No.4 of 2005 notified on 14.11.2005 viz., 'Terms and Conditions for Determination of Tariff for Wheeling and Retail Sale of Electricity' Regulation, 2005 and its subsequent amendment thereof, as subsisting as on date of constitution of TGERC and in force, shall mutatis mutandis apply to the State of Telangana. Regulation No.4 of 2005 introduced Multi-Year-Tariff framework and specified the principles and procedures of filings and also defines control period as a multi-year period fixed by the

Commission from time to time, usually five (5) years.

#### **1.4 REGULATION NO. 2 OF 2023**

- 1.4.1 Meanwhile, this Commission has notified 'Multi Year Tariff' Regulation, 2023 [Regulation No.2 of 2023] on 30.12.2023, which supersedes Regulation No.4 of 2005 which is also applicable to the CESS as per proviso to clause 1.3 of Regulation No. 2 of 2023.

#### **1.5 EARLIER CESS ORDER OF THE COMMISSION**

- 1.5.1 On the petition filed by the CESS, Sircilla in O.P.No.18 of 2024, Annual Revenue Requirement and Expected Charges from Revenue for FY 2024-25 were determined vide order dated 28.10.2024.

#### **1.6 TIMELINES FOR FILINGS THE PETITION AFTER FIRST YEAR OF THE CONTROL PERIOD**

- 1.6.1 As per clause 6 of Regulation No.2 of 2023, the exempted licensee has to make Annual Petition comprising of (i) True-up of preceding year; (ii) Aggregate Revenue Requirement (ARR) for ensuing year of the Control Period; and (iii) Proposal of Revised Tariff and Charges for ensuing year of the Control Period. The timeline for filing Annual Tariff petition for FY 2025-26 is 30.11.2024.

#### **1.7 STATUTORY AND REGULATORY PROVISIONS**

- 1.7.1 As per illustration given under clause 6.2 of Regulation No.2 of 2023 the timelines stipulated for filing of Annual Tariff Petition after first year of the control period is by 30.11.2024.

#### **1.8 PRESENT PETITION**

- 1.8.1 CESS has filed revised ARR & Tariff Petition for FY 2025-26 on 30.11.2024 with the following prayers.
- Take the accompanying ARR and Tariff application of CESS, Sircilla on record and treat it complete.
  - Grant suitable opportunity to CESS, Sircilla within a reasonable time frame to file additional material information that may be subsequently available.
  - Consider and approve CESS, Sircilla ARR and Tariff application including all requested regulatory treatments in the filing.
  - Pass such order as the Commission may deem fit and proper in the facts and circumstances of the case.

## **1.9 ADMISSION OF PETITIONS**

- 1.9.1 The petition submitted by CESS, Sircilla was scrutinized and is found to be in Order as required under 'Conduct of Business' Regulation, 2015 (Regulation No.2 of 2015). The Commission admitted the filings and the same were taken on record by assigning O.P.No.27 of 2024.

## **1.10 DATA GAPS**

- 1.10.1 Upon scrutiny of the filing, the Commission has identified certain data gaps and directed the petitioner to furnish additional information. Subsequently, the petitioner has submitted the additional information. The Commission has considered the original filings and additional information submitted by the petitioner.

## **1.11 PUBLIC NOTICE**

- 1.11.1 The petitioner, as directed by the Commission, published a Public Notice in two (2) Telugu, two (2) English and One (1) Urdu daily newspapers on 08.02.2025 (**Annexure-1**) . The Public Notice was to inform the stakeholders and general public at large that the petitioner has filed revised ARR and Retail Supply Tariff for FY 2025-26 and petition before the Commission. It was also notified in the Public Notice that, objections/ suggestions on the filings may be filed with the petitioner by 03.03.2025 with a copy marked to the Commission Secretary. In the Public Notice it was also indicated that Public Hearing will be held on 18.03.2025 from 10:30 hours onwards at Padmanayaka Kalyana Mandapam, Siddipet Road, Sircilla. The filings of the petitioner along with the additional information submitted by the CESS, Sircilla was also posted on the official website of the CESS, Sircilla as well as on the website of the Commission.

## **1.12 RESPONSE TO PUBLIC NOTICE**

- 1.12.1 In response to the Public Notice, objections/suggestions were received from 240 stakeholders. The details of stakeholders who submitted objections/suggestions is enclosed as **Annexure-2**.
- 1.12.2 The petitioner was directed to arrange response to the stakeholder's written objections/suggestions with a copy to the Commission Secretary before the scheduled date of Public Hearing. It was also directed to post the replies on the website of CESS, Sircilla.

### **1.13 STATE ADVISORY COMMITTEE MEETING**

1.13.1 The State Advisory Committee (SAC) meeting was conducted on 04.03.2025 in the Meeting Hall of Commission's Office at 'Vidyut Niyantran Bhavan', G.T.S. Colony, Kalyan Nagar, Hyderabad 500 045. The views of the members were duly considered while determining the Revised ARR & Retail Supply Tariff for FY 2025-26.

### **1.14 PUBLIC HEARING**

1.14.1 The Commission has conducted the Public Hearing as published in Public Notice on 18.03.2025 at Padmanayaka Kalyana Mandapam, Sircilla. During the Public Hearing, the Petitioner made a brief presentation on their ARR filings and then the Commission heard the objectors desiring to be heard in person. At the hearing, apart from the registered objectors, the persons/organizations who had turned up at the venue directly were also heard. At the end, as directed by the Commission, the Petitioner responded on the issues raised by the objectors during the Public Hearing. The List of Stakeholders who attended the public hearing is enclosed at Annexure -3.

1.14.2 The tariff as determined for FY 2024 - 2025 will cease to be effective after 31.03.2025. In order to avoid vacuum of tariff for retail sale, there is a necessary to extend the subsisting tariff for retail sale of supply activity to be levied and collected by the CESS, Sircilla, from 01.04.2025 until the orders are passed after receiving permission of the Election Commission of India or cessation of model code of conduct whichever is earlier. Even prior to passing of the orders the ECI as per the proceedings dated 06.02.2025 has issued model code of conduct on account of biennial elections to Telangana Legislative Council from Hyderabad local authorities constituency.

1.14.3 In view of the model code of conduct and to avoid vacuum this Commission has felt it necessary to extend the subsisting tariff for retail sale of supply activity as determined by order dated 28.10.2024 in O. P. No. 18 of 2024 to be applicable from 01.04.2025 until the orders are passed after receiving permission of the ECI or cessation of model code of conduct whichever is earlier.

1.14.4 Accordingly, the Commission in exercise of powers conferred under section 94 (2) of the Act, 2003 read with section 28 of the Telangana Electricity Reform

Act, 1998, has passed an interim orders dated 28.03.2025 extending the tariff for retail supply activity as determined by order dated 28.10.2024 in O. P. No. 18 of 2024 to be applicable from 01.04.2025 till a fresh order is passed by the Commission.

- e) Interest on working capital
- f) Interest on Security Deposits;
- g) Return on Equity;
- minus:
- h) Income from Open Access charges;
- i) Non-Tariff income;
- j) Impact of true-up for prior period as approved by the Commission:

*Provided that Depreciation, Interest and finance charges on Loan, Interest on working capital, Return on Equity for Distribution Wheeling Business shall be allowed in accordance with the provisions specified in Part IV of this Regulation:*

*Provided further that prior period income/expenses shall be allowed by the Commission at the time of truing up based on audited accounts, on a case-to-case basis, if the income/expenses in that prior period have been allowed on actual basis, subject to prudence check:*

*Provided also that all penalties and compensation payable by the Licensee to any party for failure to meet any Standards of Performance or for damages, as a consequence of the orders of the Commission, Courts, Consumer Grievance Redressal Forum, and Ombudsman, etc.,*

*shall not be allowed to be recovered through the Aggregate Revenue Requirement:*

*Provided also that the Distribution Licensee shall maintain separate details of such penalties and compensation paid or payable by the Licensee, if any, and shall submit them to the Commission along with its Petition.”*

- 3.1.2 The Commission vide its Order dated 31.03.2021 in Proceedings No. TSERC/Secy/22/2021 has accorded extension to CESS for a period of 5 years from 01.04.2021 to 31.03.2026 for the exemption from the application of provisions of Section 12 of the Electricity Act, 2003. Accordingly, the Commission has approved the revised ARR and ERC of CESS for FY 2025-26 in line with the provisions of Regulation No. 02 of 2023.

### **3.2 OBJECTIONS/SUGGESTIONS MADE ON FILINGS**

- 3.2.1 Two Hundred and Forty (240) stakeholders have filed written objections/suggestions on the Petition for Revised ARR & ERC for FY 2025-26. The Commission has considered all the objections/suggestions of the stakeholders made in writing as well as oral submissions made during the Public Hearing and the responses of the petitioners. For the sake of brevity, the objections/suggestions raised by the stakeholders and responses of the petitioners have been consolidated and summarized issue-wise. In case any suggestion is not specifically elaborated, it does not mean that the same has not been considered.
- 3.2.2 On going through the summary of the objections/suggestions it is clear that except one or two suggestions rest of the suggestions are in respect of deficiencies in operational and service issues which are described as under.

#### **Operational Issues**

##### **Stakeholder's Submissions**

- 3.2.3 Authorities and contractors are allowing farmers without experience to transport electric poles , DTRs and should be held accountable. Criminal cases should be filed against them. Compensation should be provided to the families of farmers who lost their lives due to such negligence.
- 3.2.4 Criminal cases should be filed against officials and contractors who release

- connections to farmers after they pay DDs, even without installing poles, conductors, or DTRs, and divert materials for illegal use.
- 3.2.5 The TGNPDCL should take control of toll-free numbers (1800 425 3600, 1800 425 0028) to resolve farmers' electricity supply issues.
- 3.2.6 During AGL supply applications, farmers are asked to mention the irrigation source, whether Bore Well or Open Well. However, apart from these two sources, there are other water sources like local water bodies, canals, and streams. The application format should be modified accordingly, without mentioning source of water.
- 3.2.7 Information on CGRF meetings is not made available to the consumers and the information is provided to independent members just few hours before the meeting and conducting meetings for name sake. The TGERC should investigate how many meetings are held monthly and instruct the CGRF officials that the meeting should be held up to office working hours irrespective of consumer's presence.
- 3.2.8 According to Regulation 4 of 2013, the cost up to DTR level is to be borne by the CESS whereas the HT line cost is also being included in the AGL estimates and levying ORC. Due to which the estimation cost running to lakhs of rupees. They are releasing connections with three poles and related material instead of providing full details of materials used. The estimates should indicate the actual quantity of material used.
- 3.2.9 LT and HT lines laid by the CESS in the agricultural fields instead of aligning them along roads and boundaries. Existing lines running through agricultural fields should be properly aligned.
- 3.2.10 The government has awarded bathukamma saree production order to the Power Loom and Cloth Industry, Sircilla. Due to certain technical requirements, the existing looms were converted to SSI units (Small Scale Industry) as per government regulations. By 2016, 2017, 2018, and 2019, 127 SSI units were established and paid electricity bills as raised by CESS until 30th March 2023. However, without notice, the CESS authorities applied back billing on the paid bills and are now forcing to pay additional charges. The cottage industries were forced to shutdown unable to bear the financial burden. Due to this closure, many workers and dependent labourers lost their jobs, struggled for survival, and some even committed suicide. Now, with the enhancement of load up to

25 HP under category-IV, the consumers submitted that the closed industries can be restarted. However, the CESS electricity authorities are insisting that the 25 HP category will only apply if the back billing dues are cleared. The stakeholders have requested to cancel the back billing imposed by CESS and help revive power loom cottage industry.

- 3.2.11 The Stakeholder has requested for review of time taken by the CESS for issuing Agricultural Electricity Connections, implementation of Strong Measures to Prevent Electrical Accidents and strengthening the safety system to prevent accidents is required, Providing immediate ex-gratia to the families of those injured or deceased in electrical accidents and providing immediate ex-gratia to owners for livestock losses caused by electrical accidents.

***Petitioner's Replies***

- 3.2.12 In the CESS Limited, Sircilla, DTRs are transported only through our staff using five company-owned vehicles. Other materials are transported from the store through contractors without any involvement of farmers.
- 3.2.13 In CESS, the material for farmers who have paid DDs is used only for laying lines for them. However, if any official diverts materials, a complaint can be filed with the Director of Administration along with proper evidence, and disciplinary action will be taken against such staff.
- 3.2.14 CESS has implemented a toll-free number: 1800 425 0114
- 3.2.15 This matter is under review. Depending on the decision of Discoms, the same will be implemented in CESS Limited, Sircilla.
- 3.2.16 In CESS Limited, Sircilla, information about CGRF meetings is announced in newspapers and broadcasted on local TV channels in advance.
- 3.2.17 Currently, charges are being collected as per Clause 6 of Regulation 4 of 2013. Arrangements will be made to provide consumers with details of the materials included in the estimate.
- 3.2.18 New LT and HT lines are being laid along roads. Existing lines through fields will be corrected in phases.
- 3.2.19 The Telangana Electricity Regulatory Commission (TSERC) issues order every year regarding retail supply tariffs and determines which category various electricity consumers fall under. These orders are then implemented by the electricity supply companies while providing services to consumers.
- 3.2.20 According to the Telangana Electricity Regulatory Commission's orders,

cottage industries fall under Category IV(A), and the maximum permitted load for this category is 10 HP. If a consumer avails a service under the cottage industry category but exceeds the 10 HP load limit, they are required to pay bills under the applicable category. It was already informed that the said industry being registered as a Small-Scale Industry (SSI) was billed under the Category-III tariff, as per Regulations. Regarding Small-Scale Industries (SSI), some consumers had approached the Hon'ble High Court of Telangana, and in W.P. No. 33733/2022, the High Court ruled that SSI units must be back billed from the date of their SSI registration. Based on this ruling, back billing has been applied to your industry, and a corresponding notice has been issued. Additionally, some SSI unit owners have filed an appeal in the Telangana High Court under Writ Appeal No. 767/2023 against this decision. The High Court delivered its judgment on 29.01.2025 regarding this appeal. Therefore, it is informed that if the load is within 25 HP the category can be changed from LT-III to LT-IVA only if SSI unit registration is cancelled and pending dues are cleared as per GTCS Rules (Appendix-1, Clause 11). There is no provision under the Electricity Act, 2003, or GTCS Rules to cancel back billing, as requested. Therefore, no electricity supply company has the authority to waive the back billing charges.

- 3.2.21 If a transformer is not required, the connection will be granted within one month after the consumer submits all necessary documents. If a transformer is included in the estimate, the connection will be granted within two months. Awareness programs are being conducted to prevent electrical accidents. Immediate ex-gratia payments are being made to the families of individuals affected by electrical shocks under CESS jurisdiction. Compensation is being provided immediately to livestock owners for losses due to electrical accidents. The DPE department conducts regular inspections and takes necessary actions against electricity theft. Special measures are being implemented to recover pending electricity bills from defaulters.

#### ***Commission's Analysis and Findings***

- 3.2.22 The Commission has considered several issues raised by consumers of CESS more particularly the issues related to transport of DTRs by the consumers themselves, mis-use of materials by the officials of CESS, not properly working

of Toll-free numbers, change of format of Agl applications, not having information about CGRF meetings, realignment of LT & HT lines and finally issues in respect of prevention of electrical accidents.

3.2.23 The Commission will take inputs in respect of above issues from stakeholders along with CESS and issue suitable directions separately in respect of each of the issue raised by consumer and members of CESS. This Commission will also undertake a separate exercise to simplify the existing procedures to make it more transparent, simple and consumer friendly and issue directives/new procedures separately in due course.

3.2.24 In respect of the issue raised by some of the stakeholders that the Government shall provide total subsidy for consumers of CESS up to 10 HP who fall under Cottage Industries under IV-A is concerned. This Commission has found that on account of inclusion of consumers of above 10 HP and up to 25 HP in the category of IV-A, the small consumers who have been consuming power up to 10 HP are pushed in to disadvantageous position as they are unable to compete with the big power looms who have been consuming power above 10 HP and up to 25 HP. One of the solutions to resolve this issue is to provide more incentives to the consumers using power up to 10 HP under category IV-A.

3.2.25 This Commission has also taken into consideration the request of consumers having load up to 10 HP to give subsidy for entire electricity being used by them as in the case of agriculture. However, it is a matter of policy to be appreciated by Government of Telangana after taking the views of stakeholders and assessing the financial impact on the government. Therefore, this Commission recommends the Government of Telangana either to consider or waive off entire electricity being used or to enhance the subsidy from 50% to 75% for the consumers using up to 10 HP.

### **3.3 SALES**

#### ***Petitioner's Submissions***

3.3.1 The Petitioner has claimed the total sales of 1199.81 MU for FY 2025-26 in submission. The Petitioner submitted that the consumer category wise sales for FY 2025-26 have been projected based on the actual sales of 10 months

(April'24 to January'25) and 2 months (Feb'25 & March'25) sales projections for 2024-25 and actual sales from previous years.

### Commission's Analysis and Findings

- 3.3.2 The Commission has projected the category wise sales of FY 2025-26 except Agricultural sales based on sales claim for FY 2024-25 and actual sales of previous years.
- 3.3.3 The Commission has analyzed the sales growth of previous years by considering the actual sales of precedent financial years and computed the 4-Year, 3-Year, 2-year and 1-year CAGR. The Commission after due diligence has considered the CAGR calculated and applied the same on the sales claims of petitioner for FY 2024-25. However, in respect of the categories where CAGR is not consistent, the Commission has considered a nominal growth rate so that actuals can be considered at the time of true-up.
- 3.3.4 For LT-V category (Agriculture), the Commission has analyzed details of number of service connections as provided by the Petitioner and approved the sales by considering the operational period of 180 days at the rate 11 hours per day.

### 3.4 POWER PURCHASE REQUIREMENT AND COST Petitioner's Submissions

3.4.1 The Petitioner has claimed Rs. 572.31 crore for FY 2025-26 towards purchase of power.

#### Commission's Analysis and Findings

3.4.2 The Commission has considered loss level of 7.664% grossed up from LT and 11kV levels for FY 2025-26 to arrive at quantum of power required to be purchased.

3.4.3 The Commission in its Order on approval of retail supply tariffs for FY 2025-26 has approved the tariff of Rs.4.77/kWh for sale of energy by TGNPDCL to HT-VIII CESS category under which the Petitioner avails supply. Accordingly, the power purchase quantum and Cost approved by the Commission is given in table below:

**Table 3.2: Power Purchase Requirement and Cost approved for FY 2025-26**

Particulars	Claimed	Approved
Power Purchase Quantum (in MUs)	1199.81	1055.00
Power Purchase Rate (Rs. /kWh)	4.77	4.77
Power Purchase Cost (Rs. Crore)	572.31	503.23

### 3.5 CAPITAL EXPENDITURE AND CAPITALISATION Petitioner's Submissions

3.5.1 CESS submitted that based on the capex as proposed, the capitalization proposed for FY 2025-26 is as follows:

**Table 3.3: Capitalization claimed for FY 2025-26 (Rs. in crore)**

Particulars	Amount
Opening Capital Work in Progress	71.83

Particulars	Amount
Capital Expenditure during the year	25.96
Capitalisation during the year	15.00
Closing Capital Work in Progress	82.79

### Commission's Analysis and Findings

3.5.2 The Commission has approved the capital expenditure and Capitalization for FY 2025-26 as per MYT order dated:28.10.2024.

3.5.3 The capital expenditure and capitalization proposed by CESS and approved by the Commission for FY 2025-26 is as follows:

### 3.6 OPERATION AND MAINTENANCE (O&M) EXPENSES Petitioner's Submissions

3.6.1 The O&M expenses claimed by CESS for FY 2025-26 is as follows:

**Table 3.5: O&M Expenses claimed for FY 2025-26**  
(Rs. In Crore)

Particulars	Amount
Employee Cost	45.58
A&G Cost	3.74
R&M Cost	9.76
O&M Expenses	<b>59.07</b>

### Stakeholder's Submissions

3.6.2 The Stakeholder submitted that the salaries of the CESS employees should be determined based on the salaries of employees in the central and state (Defence) government and reduce salaries if they are more. The salaries of artisans and employees at field level should be increased.

3.6.3 The CESS should take inspiration from organizations like RTC and Texmo, which operate with integrity despite low wages.

### **Petitioner's Replies**

- 3.6.4 The Petitioner replied that the Pay Revision Commission (PRC) is appointed by the state government. The PRC recommendations are approved by the government, and only those revisions are implemented in power companies.
- 3.6.5 The Petitioner further submitted that all employees of power companies in Telangana work tirelessly, risking their lives to ensure uninterrupted power supply to all consumers. They also provide 24-hour power supply to the agriculture sector as part of the state's prestigious initiative.

### **Commission's Analysis and Findings**

- 3.6.6 Clause 81 of Regulation No. 2 of 2023 details the provisions related to O&M Expenses. The relevant para of Clause 80 is reproduced below:

#### ***"81. OPERATION AND MAINTENANCE COSTS***

*81.1 The Operation and Maintenance Expense for Distribution Business shall comprise of the following:*

*Employee Cost including unfunded past liabilities of pension and gratuity; Repairs and Maintenance (R&M) expenses; and Administrative and General (A&G) expenses.*

*81.2 The O&M expenses for distribution licensee for each year of the Control Period*

*shall be approved based on the formula shown below:*

$$O\&M_n = EMP_n + R\&M_n + A\&G_n$$

*Where,*

*O&M<sub>n</sub> – Operation and Maintenance expense for the nth year;*

*EMP<sub>n</sub> – Employee Cost for the nth year;*

*R&M<sub>n</sub> – Repair and Maintenance Costs for the nth year;*

*A&G<sub>n</sub> – Administrative and General Costs for nth year;*

*81.3 The above components shall be computed in the manner specified below:*

$$EMP_n = (EMP_{n-1}) \times (CPI \text{ Inflation});$$

$$R\&M_n = k (GF_n) \times (WPI \text{ Inflation});$$

$$A\&G_n = (A\&G_{n-1}) \times (WPI \text{ Inflation});$$

Where,

*EMP<sub>n-1</sub> – Employee Costs for (n-1)th year;*

*‘k’ is constant specified by the Commission in %. Value of k each year of control period shall be determined by the Commission in MYT Order based on the distribution licensee’s filing, benchmarking of repair and maintenance expenses, approved repair and maintenance expenses vis-à-vis GFA approved by the Commission in past and any other factor considered appropriate by the Commission;*

*GFA<sub>n</sub> – Opening Gross Fixed Asset of the distribution system for nth year;*

*A&G<sub>n-1</sub> – Administrative and General Cost for (n-1)th year;*

*CPI – is point to point change in Consumer Price Index for Industrial Workers (all India) as per Labour Bureau, Government of India; in case CPI Inflation is negative, the escalation /change shall be 0%;*

*WPI -is the point change in the Wholesale Price Index (WI) as per the Office of Economic Advisor of Government of India;*

*Provided that the employee cost and A&G expenses for the first year of the Control Period shall be worked out considering the average of the trued-up expenses after adding/deducting the share of efficiency gains/losses, for the immediately preceding Control Period, excluding abnormal expenses, if any, subject to prudence check by the Commission, and duly escalating the same for 3 years with CPI Inflation for employee costs and WPI Inflation for A&G expenses.”*

- 3.6.7 The Commission has taken note of the Stakeholders submissions and petitioner’s replies. The Commission ensures that any operational and maintenance (O&M) expenses, including salary expenses, undergo a prudence check as per Regulation 2 of 2023. Only justified expenditures will be allowed.
- 3.6.8 The Commission has scrutinized the O&M expenses claimed by the Petitioner. The Commission observed that O&M Expenses claimed by the CESS are not in accordance with Clause 81 of Regulation No. 2 of 2023, thereby this Commission has undertaken the following exercise.

**Employee Cost**

- 3.6.9 In accordance to proviso of Clause 89.3 of Regulation No.2 of 2023, the Commission has recomputed the Employee cost for FY 2024-25, by escalating

the trued-up expenses of FY 2023-24 with CPI inflation factor of 5.79% approved in MYT order. Further the employee cost of FY 2024-25 has been escalated with CPI inflation factor of 5.79% approved in MYT order to arrive at Employee cost of FY 2025-26. The normative employee cost computed for FY 2025-26 is shown below:

**Table 3.5: Normative Employee Cost computed for FY 2025-26**  
(Rs.in crore)

Employee Cost for FY 2024-25	CPI Inflation	Employee Cost for FY 2025-26
(a)	(b)	a*(1+b)
37.90	5.79%	40.10

### **A&G Expenses**

3.6.10 In accordance to proviso of clause 89.3 of Regulation No.2 of 2023, the Commission has recomputed the A&G expenses for FY 2024-25, by escalating the trued-up expenses of FY 2023-24 with WPI of 4.93% as approved in MYT order. Further A&G expenses for FY 2025-26 were computed by escalating the A&G expenses of FY 2024-25 with WPI of 4.93% as approved in MYT order. The details of computed A&G Expenses for FY 2025-26 is as shown in table below:

**Table 3.6: Normative A&G Expenses computed for FY 2025-26**  
(Rs.in crore)

A&G Expenses for FY 2024-25	WPI Inflation	A&G Expenses for FY 2025-26
(a)	(b)	a*(1+b)
3.13	4.93%	3.283

### **R&M Expenses**

3.6.11 The Commission has considered the K factor of 0.38% and WPI inflation factor of 4.93% as approved in MYT Order dated 28.10.2024. The normative R&M Expenses of FY 2025-26 is computed by multiplying the opening GFA for FY 2025-26 with K factor and WPI inflation factor. The details of computed R&M Expenses for FY 2025-26 are shown in table below:

**Table 3.7: Normative R&M Expenses computed for FY 2025-26**  
(Rs.in crore)

K	Opening GFA	WPI Inflation	R & M Expenses
(a)	(b)	(c)	a*b*(1+c)
3.52%	272.17	4.93%	10.05

3.6.12 Based on the above Employee Cost, A&G Expenses and R&M Expenses computed on normative basis, the O&M Expenses approved for FY 2025-26 is as shown below:

**Table 3.8: O&M expenses claimed and approved for FY 2025-26**  
(Rs.in crore)

Particular	MYT Order dt 28.10.2024	Claimed	Approved
Employee costs	34.31	45.58	40.10
A&G Expenses	4.05	3.74	3.28
R&M Expenses	10.05	9.76	10.05
<b>O&amp;M Expenses</b>	<b>48.47</b>	<b>59.07</b>	<b>53.43</b>

### 3.7 DEPRECIATION *Petitioner's Submissions*

3.7.1 CESS submitted that the depreciation for FY 2025-26 has been calculated considering the depreciation rate in accordance with the MYT Regulation No. 02 of 2023. The depreciation claimed by CESS for FY2025-26 is as follows:

**Table 3.9: Depreciation claimed for FY 2025-26 by CESS**  
(Rs.in crore)

Particular	Amount
Depreciation	10.68

### ***Commission's Analysis and Findings***

3.7.2 Clause 28 of Regulation No. 2 of 2023 specifies the provisions related to Depreciation. The relevant extract of the Regulation is as follows:

***"28 Depreciation***

***28.1 The generating entity, licensee, and SLDC shall be permitted to recover depreciation on the value of fixed assets used in their respective regulated businesses,  
computed in the following manner:***

***(a) The approved original cost of the fixed assets shall be the value base for calculation of depreciation:***

***Provided that the depreciation shall be allowed on the entire capitalized amount of the new assets after reducing the approved original cost of the retired or replaced or decapitalized assets.***

***(b) Depreciation shall be computed annually based on the straight-line method***

on the basis of the expected useful life specified in the Annexure I to this Regulation.

(c) The salvage value of the asset shall be considered at ten per cent of the allowable capital cost and depreciation shall be allowed up to a maximum of ninety per cent of the allowable capital cost of the asset:

Provided that the generating entity or Licensee or SLDC shall submit certification from the Statutory Auditor for the capping of depreciation at ninety per cent of the allowable capital cost of the asset:

Provided further that the salvage value of Information Technology equipment and computer software shall be considered at zero per cent of the allowable capital cost.

28.2 Land other than the land held under lease and the land for reservoir in case of hydel Generating Station shall not be a depreciable asset and its cost shall be excluded from the capital cost while computing depreciable value of the assets.

28.3 In case of existing assets, the balance depreciable value as on 01.04.2024 shall be worked out by deducting the cumulative depreciation as admitted by the Commission up to 31.03.2024 from the gross depreciable value of the assets:

Provided that depreciation shall be chargeable from the first year of commercial operation. In case of commercial operation of the asset for part of the year, depreciation shall be charged on pro rata basis.

28.4 The generating entity or Licensee or SLDC shall submit the depreciation computations separately for assets added up to 31.03.2024 and assets added on or after 01.04.2024.

28.5 Depreciation allowed for each year of the Control Period shall be deemed to be equal to the loan repayment, up to the ceiling of seventy five percent (75%) of asset cost or actual debt component used for funding such asset in case the debt funding is higher than seventy five percent (75%) of the asset cost:

Provided that depreciation allowed for each year of the Control Period beyond seventy five percent (75%) of asset cost or actual debt component used for funding such asset in case the debt funding is higher than seventy five percent (75%) of the asset cost, shall be utilized for reduction of equity during that year.....”

3.7.3 As per clause 28.4 of MYT Regulation No. 2 of 2023, the CESS has not shown the depreciation separately for assets added up to 31.03.2024 and assets added on or after 01.04.2024. Basing on the information provided by CESS, In line with the provisions of the regulation, the Commission has recomputed the depreciation on approved GFA based on straight line method and expected useful life specified in the Annexure I of the Regulation No. 02 of FY 2023.

3.7.4 The depreciation as approved by the Commission for FY2025-26 is as follows:

**Table 3.8: Depreciation claimed and approved for FY2025-26**  
(Rs. in Crore)

Particulars	Claimed	Approved
Opening GFA	272.18	272.18

### 3.8 INTEREST AND FINANCE CHARGES ON LOANS

#### *Petitioner's Submissions*

3.8.1 CESS submitted that the interest expenditure on account of long-term loans depends on the outstanding loan, repayments and prevailing interest rates on the outstanding loans. Further, the projected capital expenditure and their funding pattern also has a major bearing on the long-term interest expenditure. CESS have computed the Interest and Finance Charges on Loan considering the normative opening loan, normative loan addition during the year and loan repayment equal to depreciation and average interest rate of 11.15%. The Interest and finance charges on Loan claimed by CESS for FY2025-26 is summarized below:

**Table 3.9: Interest and finance charges on Loans claimed for FY2025-26**

### **Commission's Analysis and Findings**

3.8.2 Clause 31 of (Multi Year Tariff) Regulation No. 2 of 2023 specifies the provisions related to Interest and Finance Charges on Loan. The relevant extract of the Regulation is as follows:

*“31.1 The loans arrived at in the manner indicated in clause 27 on the assets put to use shall be considered as gross normative loan for calculation of interest on loan:*

*Provided that in case of retirement or replacement or de-capitalisation of assets, the loan capital approved as mentioned above, shall be reduced to the extent of outstanding loan component of the original cost of such assets based on documentary evidence.*

*31.2 The normative loan outstanding as on 01.04.2024, shall be worked out by*

*deducting the cumulative repayment as admitted by the Commission up to 31.03.2024, from the gross normative loan.*

*31.3 The loan repayment during each year of the Control Period shall be deemed to be equal to the depreciation allowed for that year, up to the ceiling of seventy five percent (75%) of asset cost or actual debt component used for funding such asset in case the debt funding is higher than seventy five percent (75%) of the asset cost.*

*31.4 Notwithstanding any moratorium period availed, the repayment of loan shall be considered from the first year of commercial operation of the project and shall be equal to the annual depreciation allowed.*

*31.5 The rate of interest shall be the weighted average rate of interest computed on the basis of the actual long-term loan portfolio at the beginning of each year:*

*Provided that at the time of Truing-up, the weighted average rate of interest computed on the basis of the actual long-term loan portfolio during*

*the concerned year shall be considered as the rate of interest:*

*Provided further that if there is no actual long-term loan for a particular year but*

*normative long-term loan is still outstanding, the last available weighted average rate of interest for actual long-term loan shall be considered:*

*Provided also that if the generating entity or the licensee or the SLDC, as the case may be, does not have actual long-term loan even in the past, the weighted average rate of interest of its other businesses regulated by the Commission shall be considered:*

*Provided also that if the generating entity or the licensee or the SLDC, as the case may be, does not have actual long-term loan, and its other businesses regulated by the Commission also do not have actual long-term loan even in the past, then the weighted average rate of interest of the entity as a whole shall be considered:*

*Provided also that if the entity as a whole does not have actual long-term loan, then the Base Rate at the beginning of the respective year shall be considered as the rate of interest for the purpose of allowing the interest on the normative loan.*

*31.6 The interest on loan shall be computed on the normative average loan of the year by applying the weighted average rate of interest:*

*Provided that at the time of Truing-up, the normative average loan of the concerned year shall be considered on the basis of the actual asset capitalization approved by the Commission for the year.*

*31.7 The above interest computation shall exclude interest on loan amount,*

*normative or otherwise, to the extent of capital cost funded by Consumer Contribution, Deposit Works, Grants or Capital Subsidy.*

*31.8 The finance charges incurred for obtaining loans from financial institutions for any Year shall be allowed by the Commission at the time of Truing-up, subject to prudence check:*

*Provided that the finance charges such as credit rating charges, collection facilities charges, financing cost of delayed payment surcharge, bank charges and other finance charges of similar nature shall be part of A&G expenses.*

31.9 The excess interest during construction on account of time and/or cost overrun as compared to the approved completion schedule and capital cost or on account of excess drawal of the debt funds disproportionate to the actual requirement based on Scheme completion status, shall be allowed or disallowed partly or fully on a case to case basis, after prudence check by the Commission based on the justification to be submitted by the Generating Company or Transmission Licensee or Distribution Licensee along with documentary evidence, as applicable:

Provided that where the excess interest during construction is on account of delay attributable to an agency or contractor or supplier engaged by the generating entity or the transmission licensee, any liquidated damages recovered from such agency or contractor or supplier shall be taken into account for computation of capital cost:

Provided further that the extent of liquidated damages to be considered shall depend on the amount of excess interest during construction that has been allowed by the Commission:

Provided also that the Commission may also take into consideration the impact of time overrun on the supply of electricity to the concerned Beneficiary.

31.10 The generating entity or the licensee or the SLDC, as the case may be, shall make every effort to re-finance the loan as long as it results in net savings on interest and in that event, the costs associated with such re-financing shall be borne by the Beneficiaries and the net savings shall be shared between the Beneficiaries and them in the ratio of 2:1, subject to prudence check by the Commission:

Provided that refinancing shall not be done if such refinancing including other costs associated with such refinancing results in net increase in interest:

Provided further that if refinancing is done and it results in net increase on interest, then the rate of interest shall be considered equal to the Base Rate as on the date on which the Petition for determination of Tariff is filed:

Provided also that the re-financing shall not be subject to any conditions that are not in line with standard loan documents:

Provided also that the generating entity or the licensee or the SLDC, as

*the case may be, shall submit documentary evidence of the costs associated with such re-financing:*

*Provided also that the net savings in interest shall be computed after factoring all the terms and conditions, and based on the weighted average rate of interest of actual portfolio of loans taken from Banks and Financial Institutions recognized by the*

*Reserve Bank of India, before and after re-financing of loans:*

*Provided also that the net savings in interest shall be calculated as an annuity for the term of the loan, and the annual net savings shall be shared between the entity and Beneficiaries in the specified ratio.*

- 3.8.3 The Commission has considered actual loan of CESS to derive Interest and Finance Charges of CESS. Further, to derive addition of loans during FY 2024-25 & FY 2025-26, in line with clause 27.1 of Regulation No.2 of 2023, the Commission has considered the normative Debt Equity ratio of 75%:25% on approved capitalization during the years. The interest rate is considered as 7.09% as approved in MYT order dated 28.10.2024. The Interest & Finance Charges on Loan approved for FY 2025-26 is as shown in table below:

### **Commission's Analysis and Findings**

3.9.3 Clause 33.3 of Regulation No. 2 of 2023, specifies the provisions related to Interest on Working Capital. The relevant extract of the Regulation is as follows:

***“33.4 Retail Supply of Electricity***

*(a) The working capital requirement of the Retail Supply Business shall cover:*

*(i) Normative Operation and maintenance expenses for one (1) month;*  
*(ii) Maintenance spares at one percent (1%) of the opening Gross Fixed Assets for the Year;*

*and*

*(iii) Receivables equivalent to sixty (60) days of the Aggregate Revenue Requirement;*

*minus*

*(iv) Amount held as security deposits other than those in the form of Bank Guarantees, if any, from retail supply consumers:*

(v) *Forty-five (45) days equivalent of cost of power purchased, including the Transmission charges and SLDC Charges, based on the annual power procurement plan:*

.....

*33.6 Rate of interest on working capital shall be on normative basis and shall be equal to the Base Rate as on the date on which the Petition for determination of Tariff is filed, plus 150 basis points:*

*Provided that for the purpose of Truing-up for any year, interest on working capital shall be allowed at a rate equal to the weighted average Base Rate prevailing during the concerned Year plus 150 basis points.*

.....”

3.9.4 The Commission has computed the working capital requirement in accordance of Clause 33.4 of Regulation No. 2 of 2023.

3.9.5 It is observed that the Rate of interest (8.00%) considered by CESS for computation of interest on working capital is not in accordance with Clause 33.4 of Regulation No. 2 of 2023. The Commission has considered the rate of interest of 10.50% on working capital requirement on normative basis in accordance with the Clause 33.6 of Regulation No. 2 of 2023 equal to Base Rate as on the date of filing of Petition plus 150 basis points. ### 3.10 INTEREST ON CONSUMER SECURITY DEPOSITS

#### *Petitioner's Submissions*

3.10.1 CESS has claimed Interest on Security deposits of Rs 0.89 crore for FY2025-26.

#### *Commission's Analysis and Findings*

3.10.2 The Commission has approved the interest on security deposits of Rs 0.89 crore as claimed by the petitioner.

### 3.11 RETURN ON EQUITY (RoE)

#### *Petitioner's Submissions*

3.11.1 CESS submitted that Return on Equity (ROE) is computed as per Regulation No. 2 of 2023. The opening equity base has been arrived considering 30% of the net block of fixed assets of previous year and addition of equity during the year is considered as 30% of addition to net fixed assets during the year.

3.11.2 CESS have considered the base rate for Return on Equity as 14.00% as per Regulation No.2 of 2023 and have not claimed any Tax on Return on Equity while computing the Return on Equity for FY2025-26.

3.11.3 The Return on Equity claimed by CESS for FY 2025-26 is as follows:

**Table 3.13: Return on Equity (RoE) Claimed for FY 2025-26**

(Rs. In Crore)

<b>Total Return on Equity</b>	<b>9.95</b>

### **Commission's Analysis and Findings**

3.11.4 Clause 29 of Regulation No. 2 of 2023 specifies provisions related to Return on Equity. The relevant extract of the Regulation is as follows:

*"29 Return on Equity*

*29.1 Return on Equity shall be computed in rupee terms, on the equity base determined in accordance with clause 27.*

*29.2 Return on Equity shall be computed at the following base rates:*

*.....*

*(e) Distribution licensee: Base Return on Equity of 14% and additional Return on Equity up to 2% linked to Licensee's performance towards meeting standards of performance:*

*Provided that the Commission at the time of true-up shall allow the additional Return on Equity up to 2% based on Licensee meeting the summary of overall performance standards as specified in Clause 1.11 of Schedule III of TSERC (Licensees' Standards of Performance) Regulations, 2016.*

*....."*

3.11.5 The Commission has computed the opening equity base for FY 2025-26 by deducting the accumulated depreciation from the Original Fixed Assets as approved by the Commission for FY 2024-25 in MYT Order dated 28.10.2024. Further, in line with Clause 27.1 of Regulation No. 2 of 2023, the Commission has considered the normative Debt Equity ratio of 75%:25% of capitalization net of Consumer Contributions and Grants to arrive at the equity addition for each year of the Control Period.

3.11.6 The Commission has considered rate of ROE as 14% in line with Regulation No.2 of 2023.

3.11.7 The Return on Equity as claimed by CESS and approved by the Commission for the period from FY 2025-26 are as follows:

### **3.14 REVENUE**

#### ***Petitioner's Submissions***

3.14.1 The Petitioner has claimed the revenue from charges as Rs.208.44 crore for FY 2025-26 in their revised submission.

#### ***Stakeholder's Submissions***

3.14.2 Few Stakeholders submitted that In Sircilla district, there are approximately 1,850 textile producers, of which 80% (weavers) operate with a 10 HP load. During the period of crisis, the then-government introduced a 50% electricity subsidy under the LT IV(A) category for cottage industries up to 5 HP load. Later, in 2013-14, this subsidy was made applicable to 10 HP load. However, over the years, while the cost of living and economic conditions have changed there is no change in livelihoods. Many weavers, who depend on handloom work, are struggling due to a lack of employment opportunities.

3.14.3 In November last year, the Electricity Regulatory Commission (ERC) has increased the applicability of subsidy of 50% to load up to 25 HP, which was a welcome move for the textile industry. However, this benefit did not reach small-scale weavers working on daily wages. Business owners are not providing sufficient work to the weavers, leading to loss of employment and financial insecurity for workers.

3.14.4 The stakeholders have requested the authorities to consider granting free electricity or at least a 75% to 85% subsidy for small-scale weavers using up to 10 HP load, similar to Tamil Nadu and Karnataka, where free electricity or substantial subsidies are provided to the handloom industry.

3.14.5 Few Stakeholders submitted that the unit cost of electricity supply for AGL consumers should be disclosed, along with the unit rate charged. The total government subsidy for agricultural electricity, along with pending dues, should also be revealed.

3.14.6 Few Stakeholders submitted that the tariff for EV charging stations should be cheaper during non-peak hours (night time). This will benefit low-income workers relying on transport vehicles and increase electricity demand during non-peak hours.

3.14.7 Few Stakeholders submitted that for livestock maintained by farmers, electricity should be provided free of cost where agricultural connections already exist, as livestock farming supports organic fertilizers for agriculture.

3.14.8 Few Stakeholders submitted Electricity tariffs should be calculated rationally, considering rising costs. Fuel prices should be reviewed and adjusted periodically.

#### ***Petitioner's Replies***

3.14.9 The Petitioner replied that as per G.O. MS.NO. 518, dated 12.10.2001, issued by the Industries and Commerce Department, Government of Andhra Pradesh, a 50% tariff subsidy is being implemented across the state for the power loom industry. An increase in the tariff subsidy falls under the purview of the government. If the government issues orders to increase the subsidy from 50% to 75%, the same will be implemented accordingly.

3.14.10 The government provides tariff subsidies for domestic and agricultural electricity: 2022-23: Rs. 208.28 crore, 2023-24: Rs. 328.35 crore, 2024-25: Rs. 343.12 crore, out of this, CESS is to receive Rs. 174.05 crore.

3.14.11 The Electricity tariff revisions fall under the jurisdiction of the Telangana Electricity Regulatory Commission (TGERC). CESS follows the tariffs set by TGERC.

#### ***Commission's Analysis and Findings***

3.14.12 With reference to the submission of stakeholders on subsidy to power looms. The Commission determines the tariffs which reflects commercial principles and safeguards consumer interest and recovery of cost in a reasonable manner.

3.14.13 In respect of the issue raised by some of the stakeholders that the Government shall provide total subsidy for consumers of CESS up to 10 HP who fall under Cottage Industries under IV-A is concerned. This Commission has found that on account of inclusion of consumers of above 10 HP and up to 25 HP in the category of IV-A, the small consumers who have been consuming power up to 10 HP are pushed in to disadvantageous position as they are unable to compete with the big power looms who have been consuming power above 10 HP and up to 25 HP. One of the solutions to resolve this issue is to

provide more incentives to the consumers using power up to 10 HP under category IV-A.

3.14.14 This Commission has also taken into consideration the request of consumers having load up to 10 HP to give subsidy for entire electricity being used by them as in the case of agriculture. However, it is a matter of policy to be appreciated by Government of Telangana after taking the views of stakeholders and assessing the financial impact on the government. Therefore, this Commission recommends the Government of Telangana either to consider or waive off entire electricity being used or to enhance the subsidy from 50% to 75% for the consumers using up to 10 HP.

3.14.15 With the advent of clean technology and high-density energy storage solutions, a shift to a cleaner transportation is inevitable and the State EV Policy is encouraging penetration of Electric Vehicles. A separate Category has been created for EV Charging Stations under HT & LT with concessional tariff to encourage EV Charging stations in the State. In order to overcome operational difficulties in installation of EV Charging Stations under LT Category, the Commission has decided to increase the Contracted Load limit from 56 kW/75 HP to 150 KW/ 201 HP

3.14.16 The Petitioner shall levy retail supply tariffs to the consumer categories as per the Commission's order in O.P. No. 22 of 2025 on Retail Supply Tariffs for FY 2025-26 issued separately, as applicable in the case of TSNPDCL. The Commission has approved the expected revenue from charges as Rs.204.01 crore for FY 2025-26. The category-wise revenue claimed by the Petitioner and approved by the Commission for FY 2025-26 is as shown in the Table below:

### 3.15 REVENUE DEFICIT/(SURPLUS) *Stakeholder's Submissions*

3.15.1 Details of Government Payments to Distribution Companies for Free Electricity for Farmers in the State. Subsidy Payments Made by the Government to Distribution Companies for Gruha Jyothi Beneficiaries in the State. Details of 250 Units of Free Electricity Provided to Handicraftsmen and the Subsidy Given to Handloom Weavers by the Government to be provided.

#### *Petitioner's Replies*

3.15.2 A subsidy of Rs.446.2 crore has been allocated to CESS Limited for farmers and domestic electricity consumers. The government has paid a subsidy of Rs.42.91 crore for Gruha Jyothi beneficiaries from March 2024 to February 2025 under CESS jurisdiction. A subsidy of Rs.96.04 crore is yet to be received for power looms. For the implementation of the Nayee Brahmin subsidy in 2024-25, Rs.0.59 crore has been estimated. A subsidy of Rs.6.73 crore has been estimated for washermen and submitted to the government. A subsidy of Rs.96.04 crore is yet to be received for handloom weavers.

#### *Commission's Analysis and Findings*

3.15.3 The category wise revenue including the non-tariff income (apportioned to each category) is compared with the average CoS. Based on the cost and revenue

from each consumer category, some consumer categories are classified as subsidizing if the revenue is more than the cost (surplus) and others are subsidized if the revenue is less than cost (deficit).

- 3.15.4 The sum of surplus of revenue over cost available from subsidizing categories is first utilized to meet the deficit of subsidized consumer categories other than LT-I Domestic and LT-V Agriculture. The remaining surplus, if any, is allocated to LT-I Domestic and LT-V Agriculture categories. After allocation of the surplus available, the net deficit (cost for that category less revenue from the category and surplus allocated to that category) is computed for LT-I Domestic and LT-V Agriculture consumer categories. The net deficit computed for LT-I and LT-V categories is Rs. 377.37 crore as shown below:

**Table 3.19: Total Revenue claimed and approved for FY 2025-26**

(Rs. In Crore)

Particulars	Claimed	Approved
Aggregate Revenue Requirement	654.65	581.38
Revenue of Sale of Power at Current Tariff	208.44	
Revenue of Sale of Power at Proposed Tariff	208.44	204.01
GoTG Subsidy	446.21	
<b>Residual Revenue Gap/(Surplus)</b>	446.21	377.37

- 3.15.5 Based on the revenue gap determined by the Commission, the State Government was asked to convey the quantum of Subsidy to be provided and the categories to which the subsidy is to be provided, in accordance with the established regulatory practice. Accordingly, the Deputy Secretary to the Government of Telangana has submitted orally in the open public hearing and also submitted a letter to the Commission stating the following:

*The Government of Telangana continues to remain committed to provide the necessary financial support to Telangana Power Utilities in accordance with the provisions of Section 65 of Electricity Act, 2003 for the Financial Year 2025-26 as per the Tariff Order to be approved by the Honourable Commission. This would enable the Government of Telangana to meet its objective of ensuring quality power supply to all consumers while also extending essential financial assistance to all the eligible domestic and agriculture consumers*

3.15.6 After taking into consideration of the revenue gap as sought for by the CESS and on hearing the suggestions and objections raised by various stakeholders, this Commission has concluded that the revenue gap for the FY 2025 – FY 2026 is arrived at Rs. 377.37 crores. The government vide letter No. 495/Budget.A2/2025 dated 26.03.2025 has submitted to this Commission stating the following:

*“... That the government after careful consideration of the matter has noted the retail sale tariff proposed by the Hon’ble Commission for FY 2025-26 and hereby communicates consent u/s 65 of the Electricity Act, 2003 in respect of grant of subsidy for the FY 2025-26 and confirms its commitments to provide subsidy to a tune of Rs. 13,499.41 crores consequent to the approval of the retail supply tariff order for the FY 2025-26 by the Hon’ble Commission. The Government of Telangana also directs the Commission u/s. 108 of the Electricity Act, 20003 to maintain uniform retail supply tariffs across the state of Telangana i.e., TGDISCOMs (TGSPDCL & TGNPDCL) and CESS.”*

3.15.7 The methodology of transferring subsidy to CESS every month is as under:

- i. After completion of the billing month, TGNPDCL shall compute the total amount due from CESS at the approved procurement tariff of Rs.4.77/kWh and the energy sold to CESS.
- ii. From the total bill amount computed above, TGNPDCL should subtract the subsidy amount actually received from Government of Telangana against the CESS.
- iii. After such adjustment, if any balance amount is still due to be paid by CESS, such amount shall be billed to CESS and CESS should make the payment of the due amount within One (1) month of receipt of the energy bill for the month.
- iv. However, after such adjustment in point (ii) above, if any balance amount is to the credit of CESS in the books of accounts of TGNPDCL, such amount should be transferred to the CESS within fifteen (15) days of completion of the month.
- v. TGNPDCL raises the energy bills to CESS on monthly basis clearly giving the detailed computations of amount to be recovered from or amount to be transferred to the CESS in accordance with the

procedure stipulated above.

- vi. Any delay on part of CESS to pay the due amount to TGNPDCL, or TGNPDCL to transfer the credit amount to the CESS within the above stipulated time shall attract interest at the rate of 18% for the period of delay on the due amount or the credit amount as the case may be. Further, if such delay exceeds fifteen (15) days, the interest for a period of thirty (30) days should be levied by either party as applicable.
- vii. The Commission directs TGNPDCL and CESS management to establish a suitable payment mechanism like Escrow cover or any other suitable alternative to make sure timely payments.
